EXPERIENCE

Digital Marketing Specialist · Aegon

JAN 2025 – PRESENT · LANGLEY, BC

In-house paid media for life insurance, pensions and wealth products across U.S. and Canadian business units.

- Own bidding and campaign structure for **50 business-unit ad accounts** and co-manage ~100 more within a **seven-figure annual program**; LinkedIn is the primary channel alongside Google Ads and Meta. Forecast channel allocations for Director sign-off.
- Moved Google Ads Smart Bidding and Meta optimization from form fills to HubSpot offline conversions (qualified leads, booked calls, completed applications) and restructured Google Ads accounts: **CPL –13%, completed applications +18%**.
- Planned and launched a new LinkedIn account-based marketing (ABM) program for high-net-worth investors in H1 2026 on a tight, time-tracked schedule, using Matched Audiences, Thought Leader Ads and carousel creative.
- Implemented GA4, server-side GTM, Enhanced Conversions and Meta CAPI (**Event Match Quality +25%**) and removed double-counted conversions from overlapping GTM tags; the corrected data reset reported CPA, budget decisions and agency spend, **cutting five-figure annual waste**.
- Set account-structure, naming, UTM and compliance QA standards through a team-adopted Google Apps Script campaign builder: **compliance review time –60%** (~12 working days a year). Automate routine account tasks with Google Ads Scripts.
- Supervise two external agency partners: set strategy, review their builds, optimizations and recommendations, and present biweekly performance reports to the CMO on results, measurement quality, pacing and next steps.

Paid Media Consultant · Contract, Part-time

JAN 2026 – PRESENT · GREATER VANCOUVER, BC

Contract work alongside my full-time role for 7 clients in education, local services, automotive and hospitality, including Saudi Arabian engagements delivered through partner agency SOL. Active engagements transfer to SOL when I start a new full-time role.

- Private university, Saudi Arabia (via SOL): **821 Meta leads, 430 qualified, 312 fee-paid enrolments**, matched in the client CRM on name, phone and student ID, at **~US$20 per enrolment**.
- Built a dedicated high-intent campaign for the two lowest-intake colleges: **125 enrolments from 161 leads (77.6%)**, versus 17 from the broad campaign.
- DIMO Academy of Technical Studies: rebuilt Google Ads and Meta, added Microsoft Advertising (40% of 212 leads in its second quarter) and a Lovable landing page with a 24/7 AI assistant: **CRM-qualified leads +20% at flat spend**, replies 4× faster.
- Built client reporting dashboards in Looker Studio with Supermetrics; set up Google Business Profile, GA4 call tracking and after-hours AI voice booking for a landscaping client; managed Klaviyo email for a restaurant client.
