PROFILE

Paid media specialist with **3 years of hands-on experience** across agency (Kites Global, Enfection), in-house (Aegon) and contract work in **financial services, education and lead generation**. At Aegon I co-manage a **seven-figure annual paid media budget** across U.S. and Canadian business units in a regulated environment. I build and optimize campaigns against CRM outcomes, set account and tracking standards, and report to senior stakeholders. MBA (GPA 4.00/4.33).

EXPERIENCE

Digital Marketing Specialist · Aegon

JAN 2025 – PRESENT · LANGLEY, BC

In-house paid media for life insurance, pensions and wealth products across U.S. and Canadian business units.

- Co-manage a **seven-figure annual paid media budget**; own bidding and campaign structure for **50 business-unit ad accounts** and co-manage ~100 more. LinkedIn is the primary channel alongside Google Ads and Meta.
- Moved Smart Bidding and Meta optimization from form fills to **HubSpot offline conversions** (qualified leads, booked calls, completed applications), then restructured accounts, tightened targeting, refined lead forms and landing pages and reallocated budget: **CPL −13% and completed applications +18% at flat spend** (H1 2026).
- Planned and launched a **LinkedIn account-based marketing program for high-net-worth investors** (H1 2026) using Matched Audiences, Thought Leader Ads and carousel creative, measured on funded investment accounts rather than clicks.
- Rebuilt tracking on **GA4, server-side GTM, Enhanced Conversions and Meta CAPI** (Event Match Quality +25%) and removed double-counted conversions from overlapping tags. The corrected data reset reported CPA, **cut five-figure annual waste** and informed the decision to end one agency contract and bring that work in-house.
- Built a team-adopted **Google Apps Script campaign builder** enforcing account-structure, naming, UTM and compliance QA standards: **compliance review time −60%** (~12 working days a year). Automate routine checks with Google Ads Scripts.
- Forecast channel allocations for Director sign-off, supervise two external agency partners (strategy, build reviews, recommendations) and present **biweekly performance reports to the CMO**.

Paid Media Consultant · Independent, part-time contract

JAN 2026 – PRESENT · GREATER VANCOUVER

Part-time contract work alongside my full-time role, for clients outside financial services.

- **Private university, Saudi Arabia** (via a partner agency): 821 Meta leads → 430 qualified → **312 fee-paid enrolments at ~US$20 each** (~US$6.2K spend, May–Aug 2026), matched in the client CRM on name, phone and student ID and deduplicated against existing applicants.
- Built a dedicated campaign for the two lowest-intake colleges (high-intent lead form, separate budget, placement and targeting changes, A/B-tested creative): **125 enrolments from 161 leads (77.6%)**, versus 17 from the broad campaign.
- **DIMO Academy for Technical Studies:** rebuilt Google Ads and Meta, added Microsoft Advertising (40% of 212 leads in its second quarter) and a simplified landing page with a 24/7 AI enquiry assistant: **CRM-qualified leads +20% at flat spend**, replies 4× faster.
- Built Looker Studio dashboards with Supermetrics; set up Google Business Profile, GA4 call tracking and after-hours AI voice booking for a landscaping client.

EXPERIENCE (CONTINUED)

Marketing Strategist · Kites Global

JAN 2023 – AUG 2023 · COLOMBO, SRI LANKA

Digital agency delivering B2B and B2C campaigns across banking, consumer goods, retail, beauty and education. Left to begin a full-time MBA in Canada.

- Led **four client accounts end to end** and supported five more: paid media strategy, budgets, execution, optimization and client reporting.
- **Pan Asia Bank: 259 funded gold loans** and US$500K client-reported loan value from US$25K media (**~US$97 per funded loan**), using a lead-quality-based 60% Meta / 40% Google split judged weekly on funded loans, not form fills.
- Designed and presented the Meta video strategy pitch to Pan Asia Bank and ran client calls through delivery; contributed to the new-business pitch for Godrej India.
- **Petmart.lk:** restructured Google Shopping and Performance Max to separate new and returning customers: paid-attributed sales +40% QoQ, subscriptions +30%, 4:1 first-order ROAS.
- Launched Google Shopping and Meta for a B2B apparel retailer, **beating the lead target by 20%**; built the Shopify store, Merchant Center feed and conversion tracking.
